Dayspring Christian Academy Preschool

2020-2021

Enhance your 3 year old's love of learning and introduce pre-academic skills. Refine your child's social skills by providing the opportunity to work and play with children their age. Help them explore learning by joining Dayspring Academy's Preschool.

This preschool program begins to lay the foundation to a Principle Approach® education. The Principle Approach is America's historic method of education that was prevalent during the founding era of our nation. In addition to an introduction to the alphabet, preschoolers learn age-appropriate history, science, literature, and math lessons that are woven together and rooted in God's Word. Guided free-play, art projects, and Bible lessons are all part of the preschool curriculum.
